

## DiskOnChip 2000 TSOP

### Description

M-Systems announces the End of Life (EOL) of the following DiskOnChip product:

Product	Description	Ordering Information	
		Current	Recommended Replacement
DiskOnChip 2000 TSOP	16MByte, 48-pin TSOP-I package, commercial temperature range	MD2211-D16-V3	MD2811-D16-V3Q18 (DiskOnChip Millennium Plus, 48-pin TSOP-I, 16MByte)

### Reason for EOL

DiskOnChip 2000 TSOP is being replaced with DiskOnChip Millennium Plus, which provides advanced protection and security enabling features, and additional interface and voltage options.

### Schedule

Last order date: September 30, 2002

Last shipment date: December 31, 2002

### Compatibility Issues

Migration to DiskOnChip Millennium Plus 16MByte TSOP-I is designed to be smooth. In certain cases, modifications may be required. Refer to the DiskOnChip migration guide for detailed information.

### Call for Action

M-Systems requests customers using the above EOL product to evaluate DiskOnChip Millennium Plus.

Please contact your M-Systems' representative or visit our web site ([www.m-sys.com](http://www.m-sys.com)) for any further information or assistance.
