

M-Systems Product End Of Life (EOL) Notification

Dear Customer,

M-Systems is announcing today the End Of Life (EOL) of the following 3.5" SCSI Fast Flash Disk capacities: 16, 32, 80, 112 and 208 Mbytes. The End Of Life refers to commercial, enhanced and extended temperature for all capacities.

Reason for EOL:

Migration to TSOP-I components due to the End Of Life announcement of the TSOP-II components by the Flash manufacturers.

Key Milestones:

The following capacities (16, 32, 80 and 208 Mbytes) are no longer available. Due to the short notice of EOL notification from the flash components manufacturer these capacities are immediately terminated. All orders that were already confirmed will be supplied with the most suitable capacity available.

Call for Action:

M-Systems strongly encourages customers using these products and line items to evaluate M-Systems' alternative capacities.

Alternative Product Solutions:

3.5" SCSI FFD with the following capacities: 64, 128, 256, 320, 512, 640, 896, 1,280, 1,536, 1,792 and 3,584 Mbytes.

The following non-standard capacities are also available*: 192, 384, 448, 576, 640, 704, 768, 832, 960, 1,024, 1,088, 1,152, 1,216, 1,344, 1,408, 1,472, 1,600, 1,664, 1,728, 1,856, 1,920, 1,984, 2,048, 2,112, 2,176, 2,240, 2,304, 2,368, 2,432, 2,496, 2,560, 2,624, 2,688, 2,752, 2,816, 2,880, 2,944, 3,008, 3,072, 3,200, 3,328 and 3,456 Mbytes.

* These capacities are volume dependent.
