

Product Update

Subject:	TrueFFS 4.2.1 for Linux – New DiskOnChip® Linux Driver Supports Linux Kernels 2.0.x, 2.2.x, 2.4.x		
Products:	DiskOnChip Family	Part Number:	MD22xx to MD28xx
Update #:	2100	Date:	07 November 2000

Description:

M-Systems has announced a software upgrade for the DiskOnChip Linux driver. The new version number is: TrueFFS 4.2.1 for Linux and it replaces former version 4.2. TrueFFS 4.2.1 supports all the DiskOnChip product line (DiskOnChip 2000, DiskOnChip DIMM2000 and DiskOnChip Millennium).

New in TrueFFS 4.2.1 for Linux:

1. The TrueFFS 4.2.1 for Linux now supports Linux kernel 2.4.x.
2. The same software package includes support for Linux kernels 2.0.x, 2.2.x and 2.4.x.
3. The driver layer is provided in source code. This enables developers to easily localize the driver for any custom Linux kernel.
4. Added support for loadable modules (GPL compliant).

Availability:

The new driver is now available for download from the M-systems web site. Please contact your M-Systems' representative, or refer to M-Systems' web site (www.m-sys.com), for any further information or guidance.
